

use the superior qualifications and special needs pay-setting authority sufficient to allow reconstruction of the action taken in each case:

(i) The superior qualifications of the candidate under paragraph (b)(1) of this section or the special agency need for the candidate's services under paragraph (b)(2) of this section which justifies a higher than minimum rate;

(ii) An explanation of the factor(s) and supporting documentation under paragraph (c) of this section which were used to justify the rate at which the employee's pay is set. The written documentation must explain how the factors directly relate to the rate approved; and

#### **§ 531.213 Setting pay upon change in position without a change in grade.**

For an employee who is moved laterally (by transfer, reassignment, change in type of appointment, change in official worksite, or other change in position) from one GS position to a different GS position without a change in grade or a break in service, the agency must determine the employee's payable rate of basic pay and any underlying rate(s) of basic pay based on the employee's new position of record, new official worksite, and the step (or relative position in range for a GM employee) in effect before the position change. If an employee is eligible to receive a higher rate under the maximum payable rate rule in § 531.221, the agency may choose to apply that rule. If an employee is entitled to pay retention, the agency must apply the rules in 5 CFR part 536.

#### **§ 531.214 Setting pay upon promotion.**

(a) *General.* An agency must set an employee's payable rate of basic pay upon promotion following the rules in this section, consistent with 5 U.S.C. 5334(b). The promotion rule in 5 U.S.C. 5334(b) and the implementing rules in this section apply only to a GS employee who is promoted from one GS grade to a higher GS grade. Consistent with § 531.206, any general pay adjustment that takes effect on the same day as a promotion action must be processed before applying the rules in this section.

(b) *Geographic conversion.* When an employee's official worksite is changed to a new location where different pay schedules apply, the agency must convert the employee to the applicable pay schedule(s) and rate(s) of basic pay for the new official worksite based on the employee's position of record before promotion as provided in § 531.205 before processing a simultaneous promotion action.

(c) *Simultaneous within-grade increase.* When an employee is entitled to a within-grade increase or a quality step increase that is effective at the same time as a promotion, the agency must process that increase before processing the promotion action.

(d) *Promotion rule—(1) General.* An agency must determine an employee's payable rate of basic pay upon promotion using the standard method in paragraph (d)(3) of this section or the alternate method in paragraph (d)(4) of this section, subject to the special rule in paragraph (d)(5) of this section for employees receiving a retained rate before promotion. A determination regarding whether the alternate method is used in place of the standard method depends on the pay schedules that apply to an employee before and after promotion, as provided in paragraph (d)(2) of this section. In this paragraph (d), references to an employee's rate or range "before promotion" mean the rate or range before promotion but after any geographic conversion required by paragraph (b) of this section.

(2) *Determining applicable method.* The following rules govern determinations regarding which promotion method to use:
